Our Simple Process

FROM MEASUREMENT TO INSTALLATION

1

We Measure

We come to your home and measure the exact space where the gate will be installed.

2

We Confirm

Once you are happy with the measurements and design, full payment is required to start production of your custom gate.

3

We Install

We return and professionally install your gate, drilling securely into the wall or staircase structure to ensure a strong, safe and long-lasting fit.

PROFESSIONAL FITTING FOR A SAFE AND SECURE HOME

1 We Measure

We come to your home and measure the exact space where the gate will be installed.

2 We Confirm

Once you are happy with the measurements, full payment is required to start production of your custom gate.

3 We Manufacture

Your safety gate is handmade to your exact measurements and finished in your chosen style and colour.

4 We Install

We return and professionally install your gate, **drilling securely into the wall** or staircase structure to ensure a strong, safe and long-lasting fit.

All gates are fixed using high-quality screws and wall plugs for maximum security.

Secure Fitting

We drill directly into the wall or staircase structure and use high-quality screws and wall plugs to ensure the gate is strong and secure.

Safe & Reliable

All gates open and close smoothly and are securely fitted to the highest standard, giving you peace of mind every day.

A Perfect Finish

Every installation is tailored to your space, so your gate looks beautiful, feels like part of your home, and keeps your little ones safe.
